

# **Broadway Economics**

*“Teaching Economics Through Musical Theatre”*

## **Discussion Questions for “Great Big Stuff”**

- 1.) What would you do if you were handed a free lottery ticket and won \$10,000 today?
- 2.) Imagine that you are eating a pizza. How valuable to you is the first slice you eat compared to the second, third, etc. slice?
- 3.) Using the concept of diminishing marginal utility, explain why firms may offer “buy one, get one 50% off” deals.
