“Teaching Economics Through Musical Theatre”

Discussion Questions for “I Wanna be a Producer”

- 1.) Illustrate using demand and supply curves why the market for accountants results in higher salaries.
- 2.) Is the job market for accountants in equilibrium? What about the market for theatre producers? Explain why for both.
- 3.) What does Leo value more? Having a career that pays more monetarily, or having a career in which pays more in terms of personal fulfilment?
